

# AQUARIUM OF THE PACIFIC

Updated 6 October 2021

Step into a world of discovery, exploration and wonder at the Aquarium of the Pacific! With more than 12,500 inhabitants of the planet's largest ocean all in one place, it's no wonder there's so much to see, touch and experience. The Aquarium of the Pacific is one of the largest aquariums in the United States. Its nearly 1,000 species fill 19 major habitats and 32 focus habitats and take visitors on a journey throughout the Pacific Ocean's three regions: Southern California/ Baja, the Tropical Pacific and the Northern Pacific.

Many interactive exhibits put you in touch with the wild wonder of the Aquarium inhabitants. Discovery Labs throughout the Aquarium allow you to touch a sea star or gently rub an urchin. The Aquarium also holds informative Discovery Presentations and feedings at major exhibits throughout the day. Get closer than you ever imagining to the ocean's top predator and most misunderstood species with the ultimate interactive exhibit – Shark Lagoon! Touch and interact with more than 150 sharks and witness the underwater world of larger sharks, including zebra, sand tiger and whitetip reef sharks.

Take part in feeding a seal or sea lion in the Animal Encounter program. Enjoy AnimalVision 3-D, a film that combines stunning state of the art 3-D technology and digital animation while providing important environmental messages for all ages.
