BASIC CAR CARE CLASS

Learn the basics of car care at Auto Hobby. Class instruction highlights auto safety, jump starting a vehicle, reviewing the vehicle's owner's manual, locating the spare tire & jack, and changing a tire. Class participants must bring their own vehicle for this hands-on training. Classes offered by appointment only.

WELDING INSTRUCTION

Welding instruction is provided for those interested in using the welding equipment of Auto Hobby. Welding will be taught by a qualified welding instructor. Class sessions are limited to two people. Instruction includes both hands-on and video training. Classes offered by appointment only. \$20 per class.

ON-BASE ROADSIDE ASSISTANCE

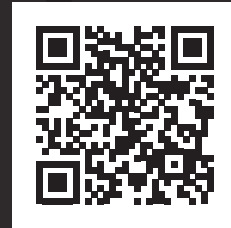

Call Auto Hobby during business hours for a jump start, flat tire change, etc. Auto Hobby will help you out for the low cost of \$50 (On-base only)

Arts & Crafts

AUTO HOBBY

Auto Hobby offers a wide variety of knowledge and tools to meet the needs and desires of any "do-it-yourself" auto mechanic.

FRAMING

Arts & Crafts has a complete framing center offering custom framing. There are many styles of molding available, along with over 100 colors and styles of mat board to choose from.

ENGRAVING

Personalize a gift, plaque, or award with the center's Custom Engraving service. There are many plaques, plates, desk signs, name badges, glass, & crystal pieces to choose from. Wood, plastic, metal, glass, & leather are some of the materials engravable by the center's laser engraver.

EMBROIDERY

Custom embroidery is also offered by the center, utilizing a 2-head state of the art embroidery machine. Embroider a name, design, or logo for individuals, squadrons, or teams! A catalog with over 16,000 stock designs is available to offer a wide selection of images.

MAGIC TOUCH

Magic Touch allows printing on virtually any surface including fabrics, cardboard, plastics, leather, ceramics, glass, and metal!
