Career Path DECIDE

Career Path DECIDE (CPD) is a decision support tool to help Airmen prepare for, and become increasingly qualified for employment as they transition from military service to the civilian workforce. The CPD goals report provides an overview of where an Airman is now, where they are going, and shows how their skills, interests, values, and lifestyle align with their career and education goals.

Use the link below to visit the Career Path DECIDE webpage to start your career exploration. CPD allows you to take assessments and create an education goal. This goal can be uploaded below for quick reference by you, or your education counselor to assist with counseling. On the CPD page, you can also save/retrieve your plan. Once you input your email address, it will generate an email with a return link to your plan. You can copy / paste the URL below for quick reference by you or your education counselor.
